Gentlemen:

We are in receipt of your letter of 17 January, concerning accountability transfer of interferometers from [ ] to [ ]

25X1A

25X1A

On either a 405A or a 405B machine there are two interferometers, one for the X axis and one for the Y axis. Therefore, we assume that the first sentence in paragraph two of your letter implies one set of interferometers rather than a single interferometer. We would appreciate confirmation of this fact.

We are making an assumption from this accountability transfer that you intend [ ] to take action to update the two interferometers transferred out of [ ] We are presently holding these interferometers pending formal notification of this fact.
